HeXtraFat

DESCRIPTION

HeXtraFat is a complementary feed based on a blend of herbs, plant extracts, medium-chain fatty acid (MCFA) monoglycerides, micronized barley, and monolaurin. Its special formulation acts in the intestine to improve functionality, reduce the proliferation of harmful bacteria, and normalize the digestive system when affected by dysbiosis. It helps reducing significantly diarrhea.
The MCFAs contained in the product regulate intestinal flora, exerting an antibacterial effect against Gram-positive (Streptococcus, Staphylococcus, Clostridium) and Gram-negative (E. coli, Salmonella spp.) bacteria, thus restoring microbial balance.

FORMULATION

- Vegetable extracts (Curcuma longa, Trifolium pratense, Mentha piperita, Phyllantus emblica, Thymus vulgaris)
- MCFA of which:
  - C6 Caproic acid 2,0 %
  - C8 Caprilic acid 5,0 %
  - C10 Capric acid 3,0 %
  - C12 Lauric acid 3,0 %
  - C12 Monolaurin 6,0%
- Micronized barley flour

MODE OF ACTION

The specific formulation of elements in HeXtraFat can prevent and improve the problems that may affect the digestive apparatus in intensive farms.

- MCFA present in the product carry out an action on pathogens damaging cellular structures and reducing their capacity to adhere to the intestinal epithelium.
- Regulates intestinal peristalsis
- Improves water absorption reducing enteric diseases, helps decongesting the mucosa and allowing intestinal villi to improve absorption.
- It creates a physical protective barrier on the gastrointestinal walls helping the prevention of gastrointestinal diseases.
- It reduces oxidative stress and improves meat quality.

RECOMMENDED DOSAGES

HeXtraFat can be mixed in complete feeds, pelleted feeds and flours.

Piglets up to 12 Kg	1,00% – 1,50%	**Broiler 0-14 days**	0,50% -0,75%
Pigs 12-20 Kg	0,50% – 0,75%	**Broiler from 15 days**	0,35% - 0,50%
Pigs 20-40 Kg	0,50% – 0,75%	**Egg layers**	0,35% - 0,50%
Sows	0,50% – 0,75 %	**Turkey**	0,35% - 0,50%
White meat calves	5 gr/animal/meal for the first 30 days and then 2-3 gr/animal/meal until slaughtering		

TECHNICAL SPECIFICATIONS

- Appearance: powder
- Odour: specific
- Colour: bronze

This specific formulation grants perfect flowability in the feed mill machines, and the use of micronized cereals improves the formation of pellets.
Available in 25 kg sacks. Store in dry and fresh place far from heat. Do not freeze.
Shelf life: 12 months from the production date. GMP+ FSA assured.
