Olus (Elan) Plus C4

DESCRIPTION

Olus Plus C4 is a complementary feed specifically formulated for calves, broilers, and pigs, containing 50% tributyrin and coated essential oils. Olus Plus C4 has a specific effect on intestinal integrity and improves feed efficiency in growing animals. Olus Plus C4 increases the production of pancreatic enzymes and, thanks to its tributyrin content, promotes the formation of a healthy microbiota by controlling Gram-negative bacteria in the intestine.
It improves villi development and has an anti-inflammatory effect, thus supporting the immune system of the animals. The synergistic effect of the bioactive components is significantly greater than the sum of the individual ingredients.

COMPOSITION

- Glycerides of butyric acid
- Coated essential oils
- Silicon dioxide
- Glycerol

ACTION

ElanPlus C4 contains Butyric Acid (C4), protected essential oils, and herbs.
• Aids in the surface development of villi.
• Improves intestinal absorption.
• Helps rebalance the intestinal microbiota, with direct action on Gram-negative bacteria.
• The exclusive blend of herbs and essential oils helps control clostridial bacteria.
• Increases intestinal enzymatic activity, improving nutrient digestibility.
• Reduces the risk of intestinal disorders.
• Helps reduce antibiotic and zinc intake in feed.

RECOMMENDED DOSAGES

Olus Plus C4 can be used mixed with complete feed, pelletted or flour

Broiler	0,50 Kg/ton
Egg layers	0,50 Kg/ton
Calves	1,50 Kg/ton
Pigs	0,75-1,50 Kg/ton

TECHNICAL SPECIFICATIONS

- Appearance: powder
- Odour: specific
- In accordance with regulation (EC) No 178/2002 complementary feed for animals.

Available in 25 kg sacks. Store in dry and fresh place far from heat. Do not freeze.
Shelf life: 24 months from the production date. GMP+ FSA assured.
